

Worksite of the Month: December 2007

RESA VII – Harrison County

RESA VII had over 50% participation at their annual health screen this year. They completed 2 behavior change programs with 100% completion rate: Stress Less Be Your Best and Keyboard Comfort Quest. The worksite coordinator, Idress Gooden, is the key to the worksite's success. She does an excellent job at organizing and promoting the annual health screen. Also, she turns-in monthly reports and collects and turns-in paperwork for behavior change programs in a timely fashion. She truly works hard to promote the Pathways to Wellness program to her coworkers and is a real pleasure to work with.
