

Worksite of the Month: December 2008

WV Division of Rehabilitation Services – Berkeley County

WV Division of Rehabilitation Services had over 100% participation at their annual health screening this year. They completed a behavior change program with 100% completion rate. The worksite coordinator, Judy Butts, utilizes bulletin boards to display various healthy lifestyle articles and a healthy lunchroom setting to help keep the program interesting. She does an excellent job at organizing and promoting the annual health screen. Also, she forwards all monthly reports, and collects and turns-in paperwork for behavior change programs in a timely fashion. Judy works hard to promote the Pathways to Wellness program. She is a joy to work with on any project.
