

Worksite of the Month: January 2008

Lumberport Elementary – Harrison County

This is Lumberport Elementary's second year in the program and they have had a 60% participation rate at their annual health screens. They completed 2 behavior change programs with over 70% completion rate: Stepping Stones and Chug-a-Jug. Worksite Coordinator Kathy DeMarco is the reason for the worksite's success. She does an excellent job at organizing and promoting the annual health screen and also the Pathways to Wellness program as a whole to her co-workers.
