

Worksite of the Month: June 2008

Confidence Elementary (Putnam County)

Confidence Elementary School in Putnam County is leading the way in the area of health and wellness. The school has participated in eight different Lifestyle Change Programs since their entry in 2004. They have also met site participation criteria for the annual health screening while being led by the school nurse and worksite coordinator, Beth Krall. Beth has dedicated time and effort to keep her worksite up to date on health issues by displaying educational material throughout the school on health topics that most concern her worksite. She also lends a hand in helping everyone understand their results by going over their blood results with them and answering any questions along the way! With the support that Beth has received from the Principal, Colleen Huston Confidence Elementary has been chosen as the June 2008 Worksite of the Month!
