

Worksite of the Month - March 2008

Wood County DHHR

The worksite coordinator, Beth Eklund, has done a great job of informing the various agencies located within the building about when the health screens are conducted as well as getting out all the information in a timely manner. She continues to try to get as many people as possible to be involved in wellness programs. Currently Wood Co. DHHR is participating in both the pedometer and the Chug-a-Jug programs at the same time. Also, she is always looking at ways to improve upon past results from her worksite. Thanks Beth to a job well done.
