

Worksite of the Month: May 2011

WV DHHR Fayette County

The Fayette County Office of the WV DHHR has been a Pathways Worksite since 2003. Worksite Coordinator Donna Stump works diligently to incorporate healthful opportunities to all staff at her office. In the past few years, she has held many “Lunch and Learns” on numerous health minded topics, which showcase local opportunities for a healthy lifestyle. The PEIA health screens have increased in participation progressively in the past few years and are always organized because Donna has taken the extra step of promoting it to everyone. The office has successfully completed many Lifestyle Change Programs over the years and has been the recipient of the PEIA Pathways Mini-Grant. Donna has always represented Fayette County DHHR at our Worksite Coordinator Trainings. She and the staff at Fayette DHHR are a joy to work with!
