

Worksite of the Month: October 2007

Elkins DHHR – Randolph County

This site consistently has over 80% participation in their annual health screen and they complete 2 or more behavior change programs a year. Their worksite coordinator, Aimee Canfield, is the key to their success. She always has the annual health screen perfectly organized every year and always turns in paperwork on time and in excellent format. She truly works hard to promote the Pathways to Wellness program and the staff is a pleasure to work with.
