

Worksite of the Month: September 2007

WV DHHR Office of Laboratory Services

Office of Laboratory Services has been an active PEIA Pathways to Wellness site since 2003. This site consistently achieves over 50% employee participation at their annual health screens, and takes part in at least two behavior change programs per year. The Worksite coordinator for OLS is Deborah Taylor. She sends out monthly emails to worksite employees, maintains two bulletin boards, completes monthly reports, and actively communicates the direction she intends for her worksite to take. The Office of Laboratory Services is an extraordinary site that truly cares about their health and wellness.
